GRADUATE
DIRECTORY

SPRING

2025

The University Graduate Directory is a curated collection of profiles showcasing the academic achievements, professional experience, research contributions, and career milestones of our Spring 2025 graduates. This valuable resource facilitates networking, collaboration, and recognition, highlighting the diverse paths and accomplishments of our graduates. The Career Services Office utilizes this directory to connect our talented graduates with organizations, ensuring a smoother transition from campus to corporate and empowering them to make meaningful impacts in their fields.

TABLE OF CONTENT

ABOUT
IQRA UNIVERSITY

IQRA University Islamabad H9 Campus is a prestigious institution of higher learning that has been shaping the future of education since its establishment in January 1998. With the vision of providing quality education to students in Pakistan, IQRA University has grown to become a renowned name in the academic landscape.

At IQRA University, we believe in empowering minds and transforming futures. Our journey began in Karachi, and today, we proudly hold campuses in all Provincial Capitals of Pakistan and the Federal Capital, Islamabad. The Islamabad Campus, recognized by the Higher Education Commission (HEC), stands as a testament to our commitment to excellence in education. In fact, HEC has awarded our Islamabad Campus the coveted "Category W" status, highlighting our state-of-the-art infrastructure and exceptional academic and research facilities.

Founded by Mr. Hunaid Lakhani (late), Chancellor of IQRA University, our institution strives to provide an environment that fosters intellectual growth and development. With a diverse range of disciplines, including Computer Science, Information Technology, Development Studies, International Relations, Fashion Design, Engineering, and Business Administration, we offer a comprehensive educational experience to approximately five thousand students.

Situated in the heart of the educational sector, H-9, our purpose-built campus spreads across five acres of lush greenery. Surrounded by esteemed educational institutions, IQRA University Islamabad Campus stands as a symbol of educational excellence.

Our campus offers a wide range of facilities to support your educational journey. From a well-stocked library to state-of-the-art computing facilities, well-equipped teaching labs to central air-conditioned classrooms equipped with the latest audio-visual aids, we strive to provide a conducive learning environment. Additionally, we have an auditorium, a seminar room, sports facilities, and a prayer hall to cater to the holistic development of our students.

Join us at IQRA University Islamabad H9 Campus and embark on a transformative educational experience. Discover your path to success and unlock your true potential. We are here to guide you every step of the way.

Together, let's build a brighter future through education.

IQRA UNIVERSITY **IU**
H-9 CAMPUS, ISLAMABAD

OUR
AIMS & OBJECTIVES

The main objective of Iqra University is to deliver exceptional educational and training opportunities that adapt to the evolving needs of students. Our academic programs equip students to face the challenges of the 21st century, empowering them to thrive in a dynamic global landscape. We are committed to providing an enriching environment and state-of-the-art infrastructure for faculty, staff, and students to foster scholarship, innovation, professional growth, and community service.

In fulfilling the mission of the university, the Islamabad Campus cultivates in its students:

- A robust foundation of knowledge and practical skills
- Critical thinking and openness to diverse perspectives
- Respect and appreciation for ethnic and cultural diversity
- Ethical and informed decision-making
- Adaptability and resilience in the workplace
- A commitment to responsible citizenship and community service
- Values of perseverance, dedication, and continuous improvement

OUR
CAREER SERVICE OFFICE

The Iqra University H-9 Campus Career Services Office is a key resource designed to support both students and alumni in navigating their career journeys. The office serves as a bridge between academic life and the professional world by facilitating opportunities for internships, jobs, and career fairs. Whether you're looking to hire talent or seeking career advice, the Career Services Office plays a crucial role in connecting individuals with the resources, networks, and opportunities they need to thrive in their careers. It provides tailored assistance to ensure that both students and alumni are prepared for a successful transition into the job market, whether entering into a new role, seeking career advancement, or looking to expand their professional network.

Career Services Office is proud to offer the Student Career Accelerator Program (SCAP), a comprehensive initiative designed to empower students with the skills and knowledge required to excel in their careers. This office's structured program offers a comprehensive roadmap to career readiness, beginning with Career Awareness & Self-Exploration (Semesters 1-2), which includes orientation sessions, career interest surveys, and LinkedIn profile creation. The next phase, Skill Development (Semesters 3-4), focuses on enhancing abilities through digital courses, micro-credentials, freelancing training, and networking. As students progress to Professional Growth & Job Market Immersion (Semesters 5-6), they gain exposure to corporate environments, internship opportunities, capacity building, and mock interviews. The final phase, Job Readiness & Career Placement (Semesters 7-8), emphasizes career fairs, recruitment drives, technical skills bootcamps, and global networking opportunities. With each step designed to prepare individuals for success, the Career Services Office is dedicated to supporting alumni and employers alike in reaching their professional goals.

DEPARTMENT OF
COMPUTING & TECHNOLOGY

- The Department of Computing and Technology at IQRA University, Islamabad Campus offers undergraduate programmes in Computer Science, Software Engineering, and Artificial Intelligence and a student-centred curriculum that emphasizes interdisciplinary education, critical thinking, and practical skills. Under the mentorship of esteemed PhD faculty, students engage in real-world research, pushing the boundaries of innovation.

- For postgraduate studies, we offer an MS in Computer Science and Software Engineering, as well as a PhD in Computer Science. Our state-of-the-art laboratories provide hands-on technical exposure and ensure students stay at the forefront of the latest advancements in computing and technology. Join our community of dedicated individuals and embark on a transformative educational journey and be part of shaping the future in this ever-evolving field.

Vision

- To emerge as a global leader in computer science research and education by driving technological innovation, solving real-world challenges and empowering future leaders

Mission

- To foster academic excellence and cutting-edge research, positioning our department as a global leader in computer science innovation. By instilling ethical values, technical prowess, and interdisciplinary knowledge, we prepare students for impactful careers in the field. We strive to shape the technological landscape of tomorrow by equipping our students with professionalism, resilience and a collaborative mindset.

Motivated and passionate Junior Front-End Developer with strong knowledge in web technologies, modern JavaScript frameworks, and UI/UX principles. Actively building scalable web applications with a focus on user experience and performance. A strong team player with excellent communication skills and a drive for continuous learning

PROFESSIONAL EXPERIENCE

Junior Frontend Developer

Enexol Enterprises (Pvt) Ltd | 2024– Present

Hotel Management System

- Developed responsive and user-friendly interfaces using **Angular** to manage hotel operations including room booking, billing, and user role management.
- Implemented dynamic forms, data binding, and validation to enhance user interaction and data accuracy.
- Designed and maintained modular components and services following Angular best practices to ensure scalability and maintainability.
- Integrated reporting and dashboard modules for administration.

Marathon Tracking Application

- Built a real-time race tracking dashboard using AngularJS, leveraging two-way data binding to show live lap times, player positions, and leaderboard updates.
- Developed user registration and event management forms with AngularJS form validation and custom directives for better usability.
- Applied responsive design techniques to ensure smooth use on mobile devices and tablets during events.
- Utilized charting libraries integrated into AngularJS components to visualize race data dynamically.

Lab Management System (NCRA Project)

- Created a modular frontend solution using AngularJS for lab equipment management, reservation tracking, and user role handling.
- Implemented secure authentication and role-based UI controls with AngularJS controllers and services, working alongside backend APIs.
- Ensured a clean, maintainable architecture by following AngularJS design patterns and coding standards.

DEPARTMENT OF
FASHION & DESIGN

- The Fashion and Design Department at Iqra University, Islamabad Campus is one of the largest academic centres for Fashion and Textile studies in Pakistan. The students gain technical knowledge through an intensive curriculum which continues to grow and evolve to encompass latest developments in the industry as well as traditional knowledge. The programs of fashion and textile design provides a solid formation for those who are creative, are go-getters, and are ready to fight fierce competition in this competitive industry.

Our Objectives

- The Fashion and Design department offers comprehensive education and training for aspiring fashion and design professionals. Our programs focus on nurturing creativity, honing technical skills, and fostering a deep understanding of the fashion industry's dynamics. Through hands-on experiences, innovative projects, and a commitment to ethical and sustainable practices, we prepare students to excel in the dynamic world of fashion and design.
- Encourage Creative Potential: Inspire students to unleash their creative potential and develop innovative approaches in fashion and design.
- Foundation in Design Principles: Equip students with a strong foundation in design principles, enabling them to create aesthetically pleasing and functional fashion products.
- Ethical Responsibility: Instill a strong sense of ethical responsibility by emphasizing the importance of fair labour practices, sustainable materials, and mindful consumption.
- Hands-On Training: Provide hands-on training in various aspects of fashion and design, including pattern-making, garment construction, textile manipulation, and digital design tools.
- Sustainable Practices: Integrate sustainable practices into every stage of the design process.
- Ethical Standards in Research: Emphasize the importance of moral standards in fashion and design research.

DEPARTMENT OF
MEDIA STUDIES

- Media Studies is an interdisciplinary field of study that focuses on the analysis, interpretation, and critique of various forms of media, including television, film, advertising, social media, and more. It involves examining how media shapes our understanding of the world, our culture, and ourselves. As media continues to evolve rapidly, with the advent of new technologies and platforms, it becomes increasingly important to study and understand its effects on society.

Our Objectives

- The Media Studies department offers comprehensive education in the field of media, focusing on developing critical skills and knowledge necessary for success in today's media landscape. Our courses emphasize creativity, effective communication, and ethical considerations, empowering students to navigate the evolving media industry with confidence and contribute meaningfully to the world of communication and storytelling.
- Effective Communication: Develop students' abilities to convey messages clearly and creatively across various media platforms.
- Ethical Responsibility: Instill a strong sense of ethical responsibility and awareness in media content creation.
- Critical Analysis: Encourage the ability to discern credible sources and identify biases within media content.
- Collaborative Learning: Provide opportunities for students to work together on projects mirroring real-world media production environments.
- Adaptability to Trends: Stay updated with emerging media technologies and trends, preparing students for the rapidly changing media landscape.
- Research Initiatives: Encourage research initiatives that contribute to the academic understanding of media and communication.
- Theory and Practice Integration: Bridge the gap between theoretical knowledge and practical application through hands-on projects and assignments.

FEATURES

MEDIA EDITING LAB

The Media Editing Lab is a high-performance facility equipped with advanced PCs featuring powerful graphic cards. It supports video editing, 3D rendering, and game development with industry-standard software. The lab ensures efficient performance for creative and technical projects. It is an essential resource for students and faculty in media-related fields.

MEDIA STUDIO

The Media Studio is a versatile, fully-equipped facility designed for news sets, talk shows, skits, plays, podcasts, photography, and videography. It features a professional lighting system, high-quality microphones, and advanced technical recording equipment. The studio is soundproofed to ensure optimal audio quality during production. It provides a professional environment for students and faculty to execute a wide range of media projects.

LATEST EQUIPMENT

The Media Studio is equipped with the latest DSLR cameras, gimbals, professional microphones, and advanced lighting systems for high-quality production. It features soundproofing and cutting-edge recording equipment for flawless audio and video capture. The studio provides a versatile space for various media projects, from podcasts to model shoots. It ensures students and faculty have access to top-tier production technology.

DEPARTMENT OF
BUSINESS ADMINISTRATION

Vision

- "To be one of the leading business schools which creates knowledge, and promotes innovation through sustainable practices in social, economic and business spheres in order to bring change in the society."

Mission

- "To offer world class education with focus on research, entrepreneurship, and ethical values in a technologically equipped environment, conducive to develop responsible leaders who champion sustainability for the betterment of the business community and society."

Objectives

- **Delivering High-Quality Education:** We are dedicated to providing a comprehensive educational experience that equips students with essential business knowledge and skills. Our curriculum is designed to adapt to the evolving demands of the industry, fostering critical thinking and problem-solving abilities.

- **Promoting Ethical Leadership and Decision-Making:** We emphasize the importance of ethical behavior and humane decision-making in business. Our goal is to cultivate leaders who understand and respect diversity and are committed to making ethical choices in their professional lives.

- **Preparing Responsible Business Leaders:** We aim to develop adaptable and socially responsible business leaders who can contribute positively to the workplace and society. Our programs focus on instilling a sense of duty and citizenship, preparing students to be active and responsible participants in the global business environment.

- **Bridging Theory and Practice:** We prioritize the practical application of business concepts, ensuring that students are well-prepared for various professional contexts. Our programs provide a robust foundation for further studies and careers in business, finance, marketing, management, and entrepreneurship.

- **Contributing to Business Innovation and Thought Leadership:** We are committed to advancing the field of business through research, innovation, and thought leadership. Our faculty and students actively contribute to the development of new business practices and theories.

- **Industry Collaboration:** We recognize the significance of partnering with local and global industries. By understanding their needs, we prepare our students to meet industry demands through consultations, training, internships, and other collaborative initiatives. Our objective is to ensure that our graduates are well-equipped to contribute effectively to the business world.
